Discoveries

Center stone in the spa park Bad Aussee

In the spa gardens of Bad Aussee, an impressive marble stone symbolically marks the geographical center of Austria - made from local Fludergraben marble and adorned with the bronze disc "Omphalos". Surrounded by old chestnut trees and close to the statue of Archduke Johann, this special place invites you to linger. If you wish, you can purchase a certificate at the tourist office as a memento of your visit to the geographical center.
